

## Agenus Elects Board of Director Member Dr. Allison Jeynes-Ellis

LEXINGTON, MA, November 13, 2018 /PRNewswire/ -- Agenus Inc. (NASDAQ: AGEN), an immuno-oncology company with a pipeline of immune modulating antibodies, cancer vaccines, and adoptive cell therapies<sup>1</sup>, today announced the election of Dr. Allison Jeynes-Ellis to Agenus' Board of Directors.

"As we advance towards becoming a commercial organization, I am delighted to welcome Dr. Jeynes-Ellis to our Board," said Garo Armen, PhD, Chairman and CEO of Agenus. "Allison brings significant global drug development and commercialization experience which includes executing on global registrational studies resulting in regulatory approvals in US and EU and advising on commercialization and reimbursement strategies. We will benefit from Allison's considerable development, regulatory, and commercial expertise."

Agenus' new board member, Allison Jeynes-Ellis, MD, FFPM (UK), is a trained clinician with more than 25 years of senior leadership experience in the pharmaceutical industry. Currently, she serves as Chief Executive Officer at Avillion LLP, a London-based drug development company focused on co-development and financing of late-stage pharmaceuticals where she is responsible for identifying high-potential opportunities to fund programs to approval. Previously, she led development at Wyeth, BMS, Novartis, and GSK and has secured numerous U.S. and EU drug approvals.

### **About Agenus**

Agenus is a clinical-stage immuno-oncology company focused on the discovery and development of therapies that engage the body's immune system to fight cancer. The Company's vision is to expand the patient populations benefiting from cancer immunotherapy by pursuing combination approaches that leverage a broad repertoire of antibody therapeutics, proprietary cancer vaccine platforms, and adoptive cell therapies (through its AgenTus Therapeutics subsidiary). The Company is equipped with a suite of antibody discovery platforms and a state-of-the-art GMP manufacturing facility with the capacity to support early phase clinical programs. Agenus is headquartered in Lexington, MA. For more information, please visit [www.agenusbio.com](http://www.agenusbio.com) and our twitter handle @agenus\_bio. Information that may be important to investors will be routinely posted on our website and twitter.
